We make your company more productive by applying: Lean Engineering, Manufacturing, and Service Processes

Making Productivity Visible to Everyone[®]

Strategic Planning for Contractors

This workshop will enable the participants to understand the emerging operational models in the areas of:

- Increasing profitability
- Increasing productivity
- Improving Market Penetration
- Partnership with suppliers and manufacturing
- Training needs for supervision
- Sub tracking from operator's point of view.

Using this newfound knowledge, the workshop participants will be able to assess their current capabilities, plan a strategy, and through this strategy begin to incorporate this new operational model into their companies.

The seminar is based on research conducted by MCA for the construction industry.
